

Paris, June 29th 2016

## **Orse partner of the new joint commitment to step up the action to tackle climate change**

At the occasion of the 2<sup>nd</sup> edition of the *Business & Climate Summit* that brought together on the 28<sup>th</sup> and 29<sup>th</sup> of June in London, economic, political and financial representatives committed to the transition to a less carbon-intensive economy, **Orse went into partnership with federations and associations representing the Paris financial marketplace – the AFA (French association of insurance), the AFG (French Asset Management association), the AFIC (French association of investors for growth), the AFII (French association of institutional investors), the FBF (French banking federation), the FIR (Sustainable investment Forum), Paris EUROPLACE, the SFAF (French society of financial analysts) – in order to announce a new collective commitment in favor of the fight against climate change.**

In the wake of the publication of article 173 of the *Energy Transition for Green Growth Act* aimed towards institutional investors and management companies, ORSE is pleased to contribute to this new step forward for the mobilization among French economic and financial stakeholders.
